Profit and Gross Sales by Date

Margin and Units Sold by Date

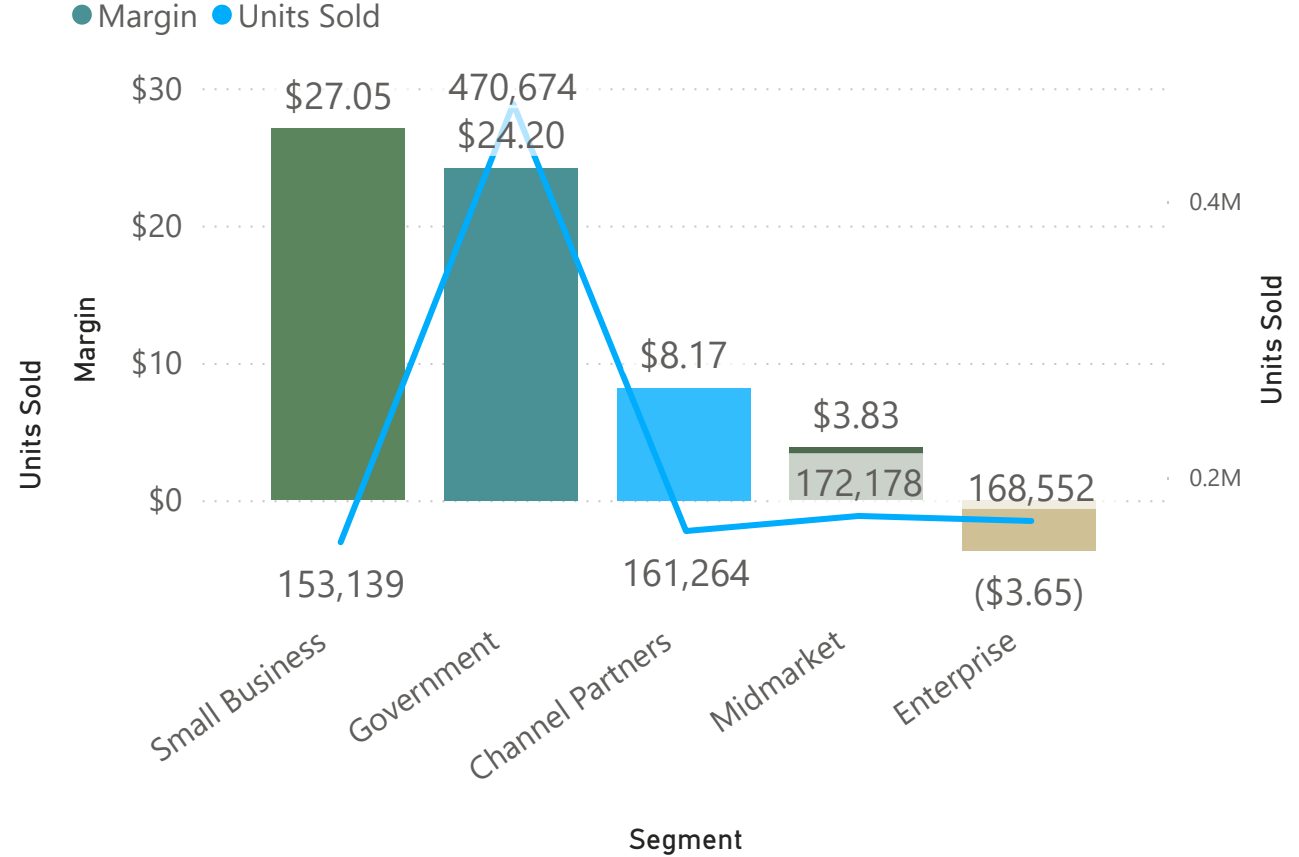

Margin by Product and Segment

Margin by Product

Margin by Product

Analysis:

The sales team should focus on selling more high margin products such as Amarilla and VTT. Pricing team should consider a price increase to our highest volume product, Paseo. When analyzing margin by Segment, it appears that we are losing money on our Enterprise customers. Further analysis needs to be done as to why we are losing money and if we should drop that customer class.
